

# Haskell intro

## Assignment2

*Kai Arne S. Myklebust, Silvan Adrian*

Handed in: September 21, 2018

## Contents

<b>1 Design/Implementation</b>	<b>1</b>
1.1 Choice of Parser combinator Library . . . . .	1
<b>2 Code Assessment</b>	<b>1</b>
<b>A Code Listing</b>	<b>1</b>

## 1 Design/Implementation

### 1.1 Choice of Parser combinator Library

We decided to use **Parsec** because of the better error handling compared to **ReadP**.

## 2 Code Assessment

### A Code Listing
